

Kristie – I appreciate the kind words and the gesture on the billing. Nearly 40 years ago my wife and I were parked in our car looking at a piece of property in Old Brookville. Two kids from Queens imagining what it would be like to build our dream home and raise our family in such an idyllic setting. A gentleman walked up to our car and asked if he could show us around. Your dad was that man. He was renovating the Mederick house at the time. He was kind and knowledgeable. We eventually decided to buy the property and dad built our dream house where we still live. It was one of the luckiest days in our life that we met dad and we are forever grateful he created such a wonderful “home” for our family. I will always be thankful for his friendship.
